

LED Shine 360

Hand lamp

The LED Shine 360 hand lamp impresses with its robust design and strong luminance with a beam angle of 120°. To ensure flexible usage of the hand lamp and the lighting levels you need, it is equipped with two fold-out hooks and extra magnets on the bottom of the housing and the rear. If necessary, the luminance of the main lamp can also be reduced by 50% to make the rechargeable battery last longer.

The spot lamp additionally included ensures selective illumination as a concentrated beam.

Additional benefits:

- High luminance up to 900 lumens
- Turning through 90° and rotating 360° around its own axis.
- Built-in battery and charging level indicator
- Charger included in scope of supply

Rated Power

10 W

IP code:

IP65

Battery:

with load status display

Battery capacity:

4000 mAh

Mounting:

Magnet Mount

Info:

with hook

with USB cable

with charger
