Diagram 17 shows the installation of a 20A module into a vehicle's power distribution system. The top view of the vehicle indicates the location of the module. The main diagram shows a 20A module being inserted into a power distribution block. The module is labeled 20A and 11. The diagram shows the module being inserted into the block, and the connection points for IN +12V and OUT are indicated.

Diagram 25 shows the connection of the 20A module to the vehicle's power distribution system. The diagram shows the module being inserted into the block, and the connection points for IN +12V and OUT are indicated.
