

Replacement of BPD1086 with BPD1572

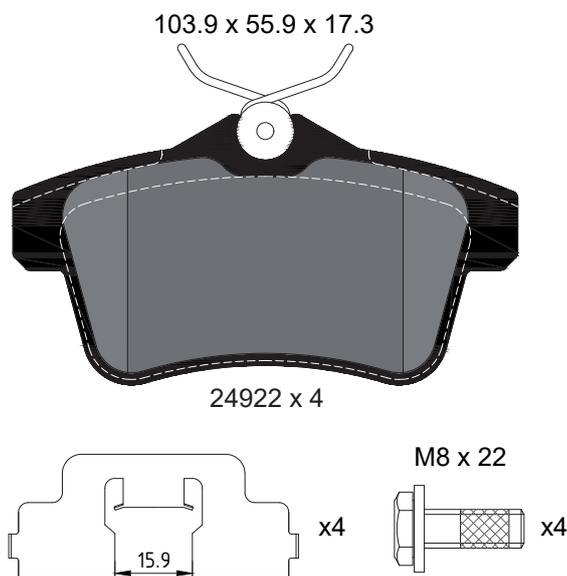

Bendix aims to streamline the designation of BPD1086 to BPD1572.

Given the identical outer dimensions of the brake pads we can ensure seamless assembly and operation.

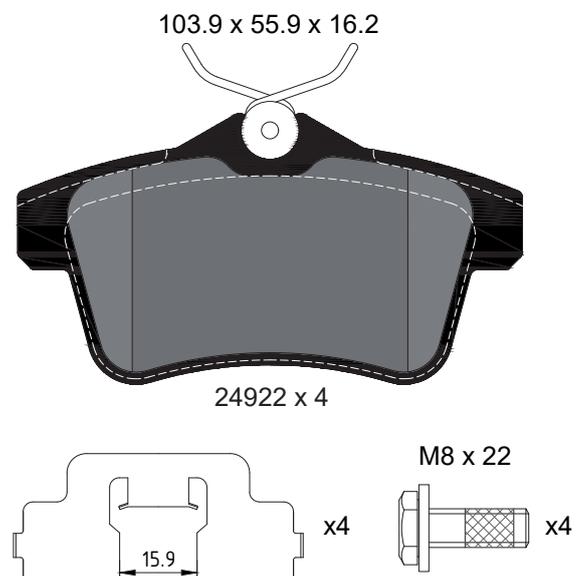

The difference between BPD1572 and BPD1086 is the BPD1572 thickness is slightly thinner.

This consolidation extends coverage to a broader range of vehicles under a singular reference, namely BPD1572 which is already covering applications of both part numbers.

BPD1086

BPD1572

The current inventory of BPD1086 can be effortlessly marketed and sold without any complications.
