| <b>Item name</b>          | LOW PRESSURE COUPLER FOR GAS R1234yf                                                                                                                                                                                                                                 |
| <b>EAN code</b>           | 3700461456435                                                                                                                                                                                                                                                        |
| <b>Intro</b>              | <p>This specific 3/8" coupler 3/8", according to the standard SAE J639, allows to refill or to detect an aircon gas leak R1234YF.</p> <p>It can be connected to the vehicle for maintenance purposes with great simplicity thanks to the quick-locking function.</p> |
| <b>Text</b>               | <p>The R1234 gas is dedicated to the new cars (class M1 and N1). The new European directive 2006/40/CE stipulates that all used refrigerants must have a GWP (Global Warning Potential) of less than 150.</p>                                                        |
| <b>Warranty period</b>    | 2 years                                                                                                                                                                                                                                                              |
| <b>Tariff code</b>        | Tariff Normal (TN)                                                                                                                                                                                                                                                   |
| <b>Warranty Procedure</b> | EASY                                                                                                                                                                                                                                                                 |
