

Replacemnt of T1965 with T2878

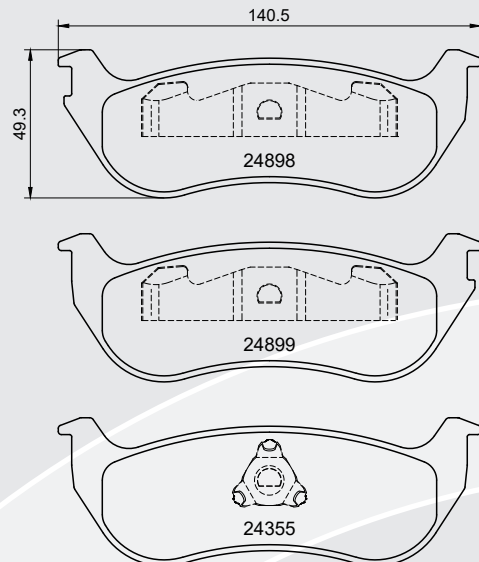

Pagid is now able to harmonize the references T1965 and T2878. It was proven that T2878 can also cover the applications of T1965. Therefore Pagid will replace T1965 with T2878.

Pagid decided to reduce the thickness of T2878 to 14,0 mm, which makes the two references equal and therefore Pagid decided to harmonise T1965 with T2878. There will be no difficulties during installation and operation.

T1965

T2878

As usual, existing stock of T1965 can be sold out without any problems.
