USAGE OF SPARK PLUG CM-6

//IMPORTANT APPLICATION CLARIFICATION

Dear customer,

The Niterra EMEA Team has an Important clarification regarding the intended application and associated product liability for the CM-6 (reference 5812) spark plug:

The CM-6 spark plug is intended solely as an equivalent replacement part for Honda and Suzuki engines used on power generators. Detailed model information of the Honda and Suzuki engines you can find in our PDF and Web application catalogues accessible via www.ngkntk.com.

We must explicitly state that Niterra cannot assume any liability or responsibility for usage of CM-6 beyond this intended application.

This applies in particular to the use of the product in aerial vehicles of all kinds.

Best Regards,

Your Niterra Team

Best regards,
Your Niterra Team
