

# PRODUCT SHEET

ARTICLE NUMBER: GAT5219

DESCRIPTION: Engine Support Bracket

## INTRODUCTION

**GAT5219** is an engine support bracket that can be used in association with the engine setting and locking tool kits **GAT5220A** and **GAT5020** on Mini models.

During the timing chain replacement on applicable Mini models, **GAT5219** engine support bracket is mounted between the chassis frame rail and the alternator mounting bracket to support and hold the engine block in position to allow easier access to the engine camshaft, crankshaft and cylinder head.

**IMPORTANT:** Make sure to lift the engine slightly to relieve the engine mounting bracket before removing the upper bracket bolts and fit the support bracket.
