

PRODUCT SHEET

ARTICLE NUMBER: GAT5300

DESCRIPTION: 2.0L Diesel Chain Camshaft Engine Setting and Locking Tool Kit

INTRODUCTION

GAT5300 engine setting and locking timing tool kit is used for 2.0L camshaft chain driven Ingenium diesel engines found on Jaguar and Land Rover models, including models with MHEV systems.

The tools included in **GAT5300** are designed to perform the required work on these types of engines to lock the camshaft and crankshaft in position and making sure the timing marks are aligned to allow the removal and replacement of the timing chain.

IMPORTANT: Always ensure when working on the engine that the crankshaft is turned in the correct direction.
