

Replacement of 2203102 with 2203101

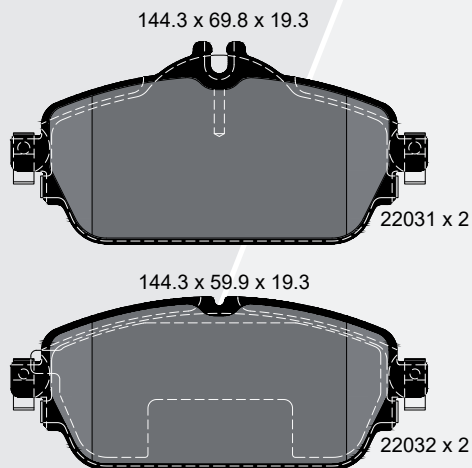

Textar aims to streamline the designation from 2203102 to 2203101.

Since Mercedes also harmonised their versions of the brake pads Textar is following the same approach.

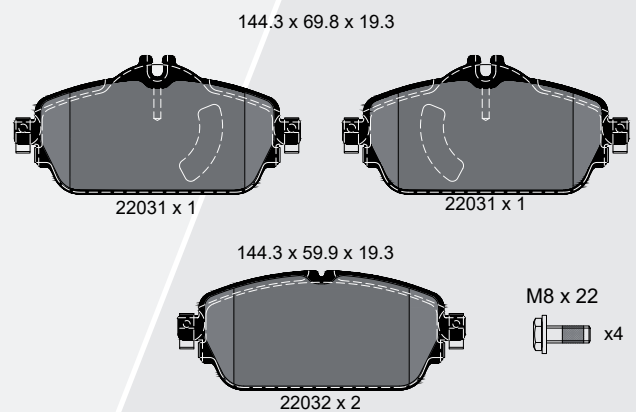

Given the identical outer dimensions of the brake pads we can ensure seamless assembly and operation. The parts are differing by a cut out in the shim for 2203101 while the adhesive foil for the outer pads will disappear.

This consolidation extends coverage to a broader range of vehicles under a singular reference, namely 2203101 which align more closely to the OE specifications and therefore is able to cover applications of both part numbers.
