

LED Shine Spot

Hand lamp

The LED Shine Spot hand lamp impresses with its compact design and strong luminance with a beam angle of 120°. The lamp is equipped with fold-out hooks and magnets on the bottom of the housing to ensure flexible usage and the lighting levels you need. The hand

lamp can also be tilted through 180°. The built-in charging level indicator makes it easy to identify the charge level from a distance. The possible applications of the hand lamp can be extended thanks to our optional accessories from the LED Shine Spot series.

Rated Power: 5 W
IP-Code: IP 20
Steckerausführung: Euro flat plug
Battery: with load status display
 Li-Ion Battery
Battery capacity: 2600 mAh

Mounting Type: Magnetic
 Bayonet
Info: with charger
 with hook
 with USB cable
