

## Replacement of MDB3717 with MDB3747

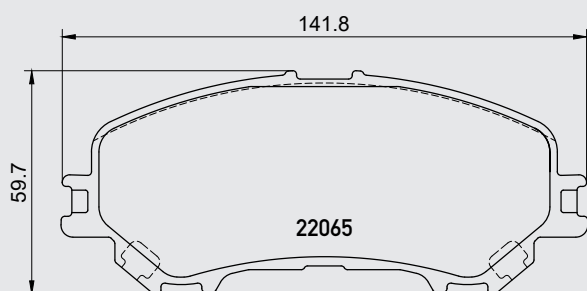

Mintex will harmonise the part numbers MDB3717 and MDB3747 and will only keep MDB3747.

This harmonisation goes along with a replacement that was also implemented in the OES.

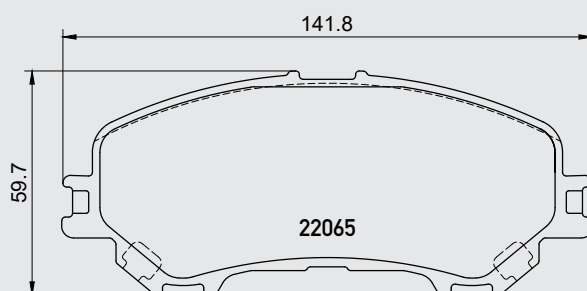

Given the identical outer dimensions of the brake pads we can ensure seamless assembly and operation.

The difference between MDB3747 and MDB3717 is that MDB3747 is slightly thinner.

**MDB3717**

**MDB3747**

The current inventory of MDB3717 can be effortlessly marketed and sold without any complications.
