

Information about connecting the actuator

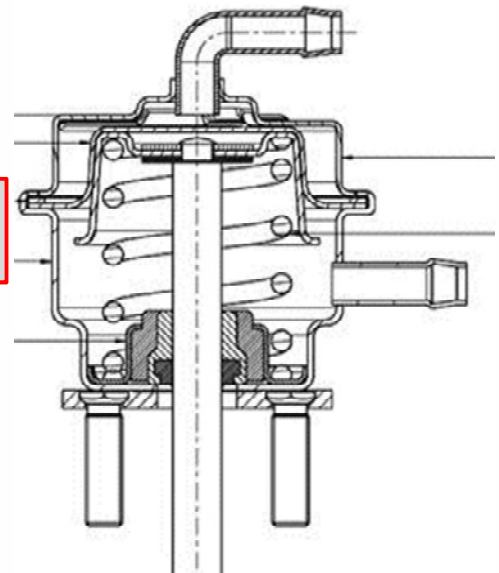

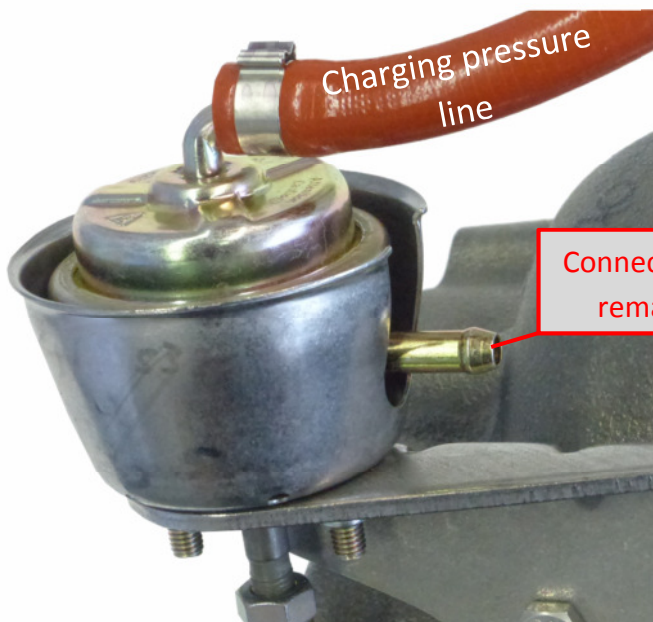

Amended actuator:

The manufacturer has made a technical change to the control box.

Correct connection to the actuator:

Boost pressure hose for activating the control box is already connected by the manufacturer.

The lower ventilation port is used exclusively for ventilation of the membrane opposite side and has to be kept open. Here no line must be connected.

Vehicle Manufacturer: Deutz, Volvo

Vehicle:

Engine code: TCD2013, D7E LA E3

Validity: This service information is valid for renewing the turbocharger with

BTS reference: T915422

OE-no.: 04294367, 20896351, 04503616KZ, 04503616, 03051137
