

EFO400

UNIVERSAL FUEL PUMP

For Carburettor Fuel Systems

EFO400 Fuel Pump (Replaces FDB790) 12v electric fuel pump for carburettor fuel systems.

Extremely quiet and reliable steel cased sealed unit with Zinc plating for corrosion resistance.

0.17-0.31 BAR (2.5-4.5 PSI) and flow from 90-130 litres per hour.

Includes attached filter, mounting bracket, push-on 8mm O/D fuel pipe unions, 2x 100mm lengths of fuel line and hose clips.

Suitable for all single, twin and triple carburettor installations and does not require and additional fuel pressure regulator.

Every Pride Fuel Pump is engineered to meet or exceed original equipment specifications, keeping your Pride and Joy driving for decades to come.

172mm Long; 54mm Dia; 5 amps Current Draw; Inlet and outlets threaded 1/8 NPT
