according to regulation 1907/2006/EC (REACH) and 1272/2008/EC

Trade name:A.Z. Meisterteile Motorenöl MT-Truck 10W-40 UHPDVersion: 2Latest revision: 02. 07. 2021Date of issue: 24. 10. 2017Page: 1/(14)

SECTION 1 Identification of the substance/mixture and of the company/undertaking

- 1.1 Product identifier: A.Z. Meisterteile Motorenöl MT-Truck 10W-40 UHPD
- 1.2 Relevant identified uses of the substance or mixture and uses advised against Relevant identified uses: semi-synthetic heavy duty engine oil Uses advised against: application other than the above.
- 1.3 Details of the supplier of the safety data sheet:

Trader identification: UNIX Autó és Alkatrészkereskedelmi Kft. H-1139 Budapest, Frangepán u. 55-57. Tel.: 06 1 270 8700 Fax: 06 1 270 8799 E-mail: info@unixauto.hu Technical information: UNIX Autó és Alkatrészkereskedelmi Kft. H-1139 Budapest, Frangepán u. 55-57. Tel.: 06 1 270 8700 Fax: 06 1 270 8799 E-mail: info@unixauto.hu

Responsible for SDS: UNIX Autó és Alkatrészkereskedelmi Kft. H-1139 Budapest, Frangepán u. 55-57. Tel.: 06 1 270 8700 Fax: 06 1 270 8799 E-mail: info@unixauto.hu

1.4 Emergency telephone number

Emergency telephone (07-15²⁰ h): 06 1 270 8700 (CET) on workdays Health Toxicological Information Service (ETTSZ 1097 Budapest, Albert Flórián st. 2-6.) Tel.: +36 80 201 199 (0-24 h, free number, can only be called from Hungary). +36 1 476 6464 (0-24 h, can be called for a normal fee - also from abroad) National Health Toxicological Information Service:

SECTION 2 Hazards identification

 Classification of the substance or mixture Hazard Class and Category: Hazard statement: Aquatic Chronic 3 H412 Harmful to aquatic life with long lasting effects.

according to regulation 1907/2006/EC (REACH) and 1272/2008/EC

Trade name:	A.Z. Meisterteile Motoren	öl MT-Truck 10W-40 UHP	D
Version: 2	Latest revision: 02. 07. 2021	Date of issue: 24. 10. 2017	Page: 4/(14)

*: with exposure limit

**Specific concentration limit: Skin Irrit. 2; : 6.25 % \leq C \leq 100 %; Eye Irrit. 2; : 10 % < C \leq 12.5 %; Eye Dam. 1; : 12.5 % < C \leq 100 %

Note L: The classification as a carcinogen need not apply according to 1272/2008/EC, because it can be shown that the substance contains less than 3 % DMSO extract as measured by IP 346.

The full text of each relevant H- phrase and Hazard classes and cat. see in Section 16.

SECTION 4 First aid measures

4.1 Description of first aid measures

- General information: Never give anything by mouth to an unconscious person, or never induce vomiting.
- Inhalation: Remove the affected person to fresh air. If rapid recovery does not occur, obtain medical attention.
- Skin contact: Remove contaminated clothing. Wash skin with large amounts of water, use soap. In case of persistent irritation, get medical attention.
- Eye contact: Flush eyes with plenty of water for 10-15 minutes. In case of persistent irritation, get medical attention.

Ingestion: If swallowed, give water. Do not induce vomiting. Get medical attention.

Protect of first-aid person: Common precautions.

- 4.2 Most important symptoms and effects, both acute and delayed Prolonged and/or repeated contact may cause irritation on skin or in eyes depending on individual sensitivity.
- 4.3 Indication of any immediate medical attention and special treatment needed Not required.

SECTION 5 Fire-fighting measures

Fire hazards: Combustible.

5.1 Extinguishing media Suitable extinguishing media: Foam, carbon dioxide, dry chemical powder.

> Unsuitable extinguishing media: Water jet.

according to regulation 1907/2006/EC (REACH) and 1272/2008/EC

Trade name:A.Z. Meisterteile Motorenöl MT-Truck 10W-40 UHPDVersion: 2Latest revision: 02. 07. 2021Date of issue: 24. 10. 2017Page: 5/(14)

 5.2 Special hazards arising from the substance or mixture Hazardous combustion products: On burning, carbon dioxide, carbon monoxide, sulphur oxides, phosphor oxides, various hydrocarbons and soot can be formed.

- 5.3 Advice for fire-fighters
 - Special protective equipment:

According to the existing fire-fighting regulations. Respiratory protection.

Further information:

Collect contaminated fire fighting water separately. It must not enter the sewage system. Contaminated extinguishing water must be disposed of in accordance with official regulations.

SECTION 6 Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures Personal precautions: see Section 8. Danger of slipping on leaked out/spilled product.
- 6.2 Environmental precautions: Confine spills to prevent material from entering sewers, watercourses, drains and into soil Notify relevant authority.
- 6.3 Methods and material for containment and cleaning up

On soil: All kind of ignition sources should be remove. Recover free liquid by pumping. Contain the rest or small quantities with sand, earth or other suitable absorbents. Dispose of according to local regulations.

On water: Confine the spillage. Remove from surface by skimming or suitable absorbents. Notify local authorities according to regulations.

6.4 Reference to other sections Personal precautions: see section 8. Waste treatment methods: see section 13.

SECTION 7 Handling and storage

7.1 Precautions for safe handling

Keep general measures applied for normal operations with lubricants and flammable liquids. Keep away from radiant heat and open flame.

Avoid contact with skin and eyes. Avoid prolonged breathing of oil vapours or mists.

Ensure washing facilities after working hours and before breaks.

Take off contaminated clothing and wash it before reuse.

When using do not eat, drink or smoke. Avoid splashing the product.

Handling temperature: not known

according to regulation 1907/2006/EC (REACH) and 1272/2008/EC

12.2	Persistence and degradability Biodegradability: Bis(nonylphenyl)amine Phosphorodithioic acid, mixed O,O-bis(1,3- dimethylbutyl and iso-Pr)esters, zinc salts	Hydrocarbons are inherently degradable. 1.0% (28 days, active sludge, aerob) is not biodegradable. 1,5% (28 days, OECD TG 301B)
	Dodecylphenol, branched	25 % (28 days, OECD TG 301 B)
12.3	Bioaccumulative potential	No data available.
12.4	Mobility in soil Mobility in water:	Absorbs in soil. Floats on water.
12.5	Results of PBT and vPvB assessment	Does not contain PBT and vPvB substances.
12.6	Endocrine disrupting properties	No data.
12.7	Other adverse effects Heavy metal content: PCT, PCB and other chlorinated hydrocarbons: Water hazard class (German):	None. WGK 1 (Classification by AwSV)

SECTION 13 Disposal considerations

13.1 Waste treatment methods

Product disposal:

Wastes of the product or used oil should be treated as hazardous waste. Waste Identification Code: 13 02 05* Mineral-based non-chlorinated engine, gear and lubricating oils. Waste Identification Code: 13 02 06* Synthetic engine, gear and lubricating oils.

Disposal must be in compliance with national and local regulations.

Recommended waste treatment method: incineration

according to regulation 1907/2006/EC (REACH) and 1272/2008/EC

Trade name:A.Z. Meisterteile Motorenöl MT-Truck 10W-40 UHPDVersion: 2Latest revision: 02. 07. 2021Date of issue: 24. 10. 2017Page: 11/(14)

Packaging disposal:

Containers with product residue should also be treated as hazardous waste according to national and local disposal regulations.

Waste Identification Code: 15 01 10*

Packaging containing residues of or contaminated by dangerous substances.

Wastewater:

Quality of wastewater emitted to natural water must comply with national and local regulations.

Care should be taken in any case to ensure compliance with EC, national and local regulations. It is the responsibility of the user to know all relevant national and local regulations.

SECTION 14 Transport information

I	Land transport:		
	Road/ Railway	ADR/RID:	Not classified.
14.1.	UN number or ID number:		Not classified.
14.2.	UN proper shipping name:		Not classified.
14.3.	Transport hazard class(es):		Not classified.
14.4.	Packing group:		Not classified.
14.5.	Environmental hazards:		Not classified.
14.6.	Special precautions for user:		Not classified.
v	Waterways:		
	Inland waterways/ Sea transport	ADN/IMDG:	Not apply to the product.
1	Air transport:	ICAO / IATA:	Not apply to the product.

SECTION 15 Regulatory information

- 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture. This safety data sheet has been prepared according to Regulation (EC) No 1907/2006 (mod.: 2020/878/EU) and to Regulation (EC) 1272/2008. Seveso category: not classified.
- 15.2 Chemical safety assessment. not available

according to regulation 1907/2006/EC (REACH) and 1272/2008/EC

Trade name:	A.Z. Meisterteile Motore	nöl MT-Truck 10W-40 UH	PD
Version: 2	Latest revision: 02. 07. 2021	Date of issue: 24. 10. 2017	Page: 12/(14)

SECTION 16 Other information

The information given in this data sheet is based on our best knowledge at the time of publication. The information is related only to this product and is intended to assist its safe transport, handling and use. The given physical and chemical parameters describe the product only for the purpose of safety requirements and therefore should not be construed as guaranteeing any specific property of the product or as being part of a product specification or any contract.

The manufacturer or supplier shall not take responsibility for any damages from the use other than recommended or other misuse of the product. It is the responsibility of the user to keep regulatory precautions and observe recommendations for safe use of the product.

Classification for mixtures and used evaluation method according to regulation 1272/2008/EC (CLP)

Aquatic Chronic 3 H412 calculation method

The full text of each relevant H- phrase and Hazard classes and cat. in Section 3.:

11204	May be fatel if availanced and entere simplers
H304	May be fatal if swallowed and enters airways.
H314	Causes severe skin burns and eye damage.
H315	Causes skin irritation.
H317	May cause an allergic skin reaction.
H318	Causes serious eye damage.
H360F	May damage fertility.
H400	Very toxic to aquatic life.
H410	Very toxic to aquatic life with long lasting effects.
H411	Toxic to aquatic life with long lasting effects.
H413	May cause long lasting harmful effects to aquatic life.
