

SI2019-009

Regarding 8DB 355 013-331 (T1699) → 8DB 355 025-331 (T2633) / 8DB 355 025-341 (T2634)

To optimize the product specification for the brake pad set 8DB 355 013-331 and in order to underline and follow the OE approach Hella Pagid decided to add accessory kits to the set.

Depending on the vehicle specification two different accessory kits are needed. In order to meet those requirements, the 8DB 355 013-331 has been split into two different part numbers, so that customers can easily choose the right part number for their needs.

8DB 355 013-331 will be replaced by 8DB 355 025-331 (incl. sliding shims with 17.8 mm gap) and 8DB 355 025-341 (incl. sliding shims with about 27.8 mm gap). Please see the differences in the pictures below.

RELIANCE. TRUST. PERFORMANCE.
