

BRAKE PARTS CLEANER 20 LITRE

PROFESSIONAL STRENGTH,
CLEANS FAST, DRIES FAST

DESCRIPTION

ACDelco Brake Parts Cleaner is a powerful, fast-drying cleaning solution specifically crafted for brake and clutch components, guaranteeing a residue-free outcome. It works seamlessly on all metal surfaces, excelling in reaching challenging areas, and offers a safer substitute for commonly used industrial solvents.

ACDelco P/N

19282843

FEATURES & BENEFITS

- Effectively removes dirt and grease without leaving any residue
- Achieves efficient penetration without requiring disassembly
- Rapid drying properties
- Does not cause corrosion to metal surfaces

APPLICATIONS

- Ideal for eliminating surplus brake fluid, excess oil, as well as dust and dirt
- Perfect for Brake Calipers, Brake Discs, Brake Pads, Brake Drums, Brake Wheel Cylinders, Brake Shoes, Brake Calipers, Clutch Discs and much more
- Refrain from using it on painted surfaces. If there are concerns about surface compatibility, conduct a test on a small section of the affected area
