| <b>Text</b>               | <p>This tool is specifically designed for use on electric or hybrid vehicles. To ensure optimal use, the insulation is as thin as possible while guaranteeing a grip and a good grip with the gloves. It is composed of a double layer of insulation of 2 different colors, allow at first glance to identify if the insulation is damaged and therefore rendered unusable. Electrically insulated, it is controlled at 10000 V and certified at 1000 V AC</p> |
