

9KG INERTIAL MASS WITH SHOCK ABSORPTION

Reference : OM 0022

Item name	9KG INERTIAL MASS WITH SHOCK ABSORPTION
EAN code	3701555306490
Text	Designed for the extraction of the most recalcitrant parts, e.g. constant velocity joint (transmission bowl), hubs, as well as for many bodywork straightening jobs. Due to the technical nature of the mass, it will prevent it from rebounding when struck. The intensity of the impact is considerably reduced, because the effort will be transmitted directly to the struck element. This will bring a comfort of work to its user.
Product highlight	No bounce
Specifications	Specifications : - weight 9 Kg - total length 770 mm - adapter thread M18 x 1.5 / M22 x 2.0
Warranty period	5 years
Product weight	9.00 kg
