EMKA CAT Clean

Catalytic converter and lambda sensor cleaner

1. APPLICATION

EMKA CAT Clean is a catalytic converter and lambda sensor cleaner with the latest additive technology. It removes greasy carbon deposits on lambda sensors and catalytic converters, as well as resinous buildup throughout the fuel system. Regular use prevents heavy contamination, optimizing engine performance and fuel consumption. This ensures the proper functioning of the catalytic converter and lambda sensor.

Application:

- 1) Pour into the fuel tank before each refueling.
- 2) The product works while driving.

One can is sufficient for 60-80 liters of fuel.
For larger tank sizes, add 50 ml per 10 liters.

2. YOUR BENEFIT

- Works while driving.
- Cleans the entire fuel system.
- Optimizes engine performance and thus fuel consumption.

Can be used with:

- Compatible with all petrol and diesel engines.

3. PACKAGING

CONTENTS	ART.NO.
12 x 300ml can	8920003
