

DESCRIPTION

Superpower C-3 0W30

Premium HC-Synthese Engine oil

1. APPLICATION

Superpower C-3 0W30 was specially developed for modern petrol and diesel engines in passenger cars, vans and SUVs from the Volkswagen Group that are equipped with particle filters. It is backward compatible with all previous specifications. Exceptions to the filling are the in-line 5-cylinder and V10 TDI VW engines up to model year 2006, which are to be filled with Longlife II oil according to VW standard 506 01. The thermal stability, the particularly low sulphate ash content and the fuel-saving properties ensure the required service life of the exhaust aftertreatment systems.

2. YOUR BENEFIT

- Allows extended oil change intervals.
- Reduced ash content, reduced fuel consumption.
- Excellent protection against wear, even under constant stress.
- Maximum cleanliness of the intake area in direct injection engines.
- Excellent cold start behavior, high thermal resilience and shear-stable lubricating film.

3. TECHNICAL SPECIFICATIONS

Can be used with:

- ACEA C3, C2;
- API SN;
- BMW Longlife-04;
- Fiat 9.55535-S3;
- Mercedes Benz 229.52/229.51/229.31;
- Porsche C30;
- VW 504 00/507 00/503 00/506 00;
